## New York Tradition in Every Bite

It's what's inside our burgers that counts...

We've worked hard to source top quality ingredients from Australia's artisan bakers, farmers and meat producers to create our gourmet burger range.

We use premium produce sourced fresh from the farm gates from Australian owned and operated micro producers. Our certified free range pork is a rare Berkshire breed free to roam the paddocks 24/7, just like our free range chicken. Our beef is the best Australian Angus sourced from one of the world's cleanest environments and fed on the cleanest natural grasses. All of our beef is also hormone, antibiotic and GMO free. Our top grade Robbins Island Wagyu comes from the pristine pastures of regional Tasmania which produces a world class taste.

There's only one way to create our authentic New York Minute burger taste and that's with the best produce Australia has to offer. Top quality produce deserves a top quality bun and that's why each burger bun is baked fresh to a secret recipe every morning in one of Victoria's oldest bake houses.

We hope you enjoy the best produce Australia has to offer, hand crafted into our traditional New York Burgers.
